Salisbury, NH 03268

RE: File # 2002-01209, 416 Old Turnpike Rd, Salisbury, Tax Map/Lot # 245/11

Dear Mr. & Ms. Jenson:

On June 16, 2003, the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") inspected property located at 416 Old Turnpike Rd, Salisbury ("the Property"). The purpose of this inspection was to determine whether violations of RSA 482-A and Administrative Rules Wt 100-800 had occurred on the Property.

At inspection, the following violations were observed:

1. Fill material (i.e., construction debris, logs and trash) has been placed within and along approximately 90 linear feet of a jurisdictional wetland area located at the corner of Old Turnpike Road and the northwest side of the access driveway on the Property.
2. Fill material (i.e., construction debris and trash) has been placed within and along approximately 80 linear feet of a jurisdictional wetland area located along the north and northeast side of the Property.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. On July 12, 2004, DES received documentation demonstrating that the debris had been removed and the area was stabilized by vegetation (grass). No further action is required of you relative to these violations and DES will take no further enforcement action at this time. This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES provides an "inspector of the day" service available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, 8:00am to 4:00 pm by calling (603) 271-2147. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact William A. Thomas at (603) 271-4066 or at wthomas@des.state.nh.us.

Sincerely,

Collis Adams, CWS
